This year, the 9th graders had a 100% success rate on their exam to get into secondary school.

Recent graduates include administrators, accountants, nurses, teachers and journalists. At Sts. Simon & Jude Parish, the school administrator, parish accountant, & several teachers are former students who have benefitted from the program.

Children love to play soccer and use whatever they can find for a ball—they loved it when we brought them soccer balls. They play a game similar to jack's but with rocks.

Without the help of our parish, these children wouldn't be able to attend school where they are protected from the violence of the gangs. Thank you for your generosity to provide this.
